“Mr. Kranz’ delivery was delightful and engaging. Pre-empting problems before blooming, his focus on the real issues rather than the standard symptom-based approach proved enlightening and empowering. “After many years of marriage and raising a large family we found that our marriage was all but dead. We hardly spoke anymore and we had a lot of unresolved issues. Then we found Paul! What a godsend. Through his efforts we were able to see things more clearly. We learned to use the tools that he gave us to help us love again. We are both a lot happier now and we will be celebrating our 33rd anniversary this month. Thanks Paul, you have been a real blessing to both of us!” – L.C., Hudson, FL
